

Napersoft Announces Strategic Partnership with immixGroup

Providing Customer Communication Management Solutions for Government Customers

Naperville, IL – November 10, 2010 – Napersoft, a leading provider of Customer Communications Management (CCM) software, today announced its strategic partnership with immixGroup, Inc., a leading provider of technology products and services to the public sector. The partnership simplifies the procurement process of Napersoft CCM Document Platform software for federal, state, and local government customers.

Through the agreement, immixGroup will initially distribute Napersoft's CCM solutions to government agencies, with compliant pricing and conditions, via their National Aeronautics and Space Administration (NASA) Solutions for Enterprise-Wide Procurement (SEWP) IV contract #NNG07DA20B.

"We are excited to leverage immixGroup's experience in the public sector and simplify the procurement process of Napersoft CCM software to our government customers," said Bart Carlson, CEO of Napersoft. "Demand for customer communication management solutions is rising as more federal, state and local customers search for ways to streamline processes, increase productivity and reduce costs," Carlson added.

"We are pleased to add Napersoft CCM software to the portfolio of enterprise solutions we provide to thousands of government entities," said Art Richer, president of immixGroup. "This new relationship will help government agencies more easily and rapidly obtain Napersoft's innovative Customer Communications Management solutions through the contract vehicles they prefer."
